

**Recognition Questions:**

Q1: Is there a white car in this scene?

A1: Yes; bounding box cropped (see white\_car.png). Difficulty: Cars are partly occluded by pedestrians.

Q2: Where is the pedestrian crossing visible?

A2: Center-bottom of image; bounding box cropped (see crosswalk.png).  
Difficulty: Crosswalk partly hidden by vehicles and scene clutter.

Difficulty: Manual recognition is challenging due to occlusions and ambiguous boundaries from shadows and overlapping objects.
